Voices of our youth

Information for young people

Recognising achievements and opinions

Involving young people in formulating and implementing youth work strategy

Involving young people public discussions
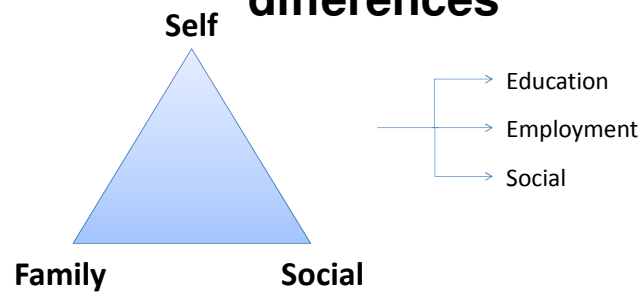

Gather experiences and generate changes

- What are the outcome we want?
- Make use of regular gathering occasions for information sharing
- Specific agenda on ethnic minority youth and generate a list of issue specifically
- Improve service delivery and evaluation of services

Cross sector understanding and collaboration

- Communication platform among concerned sectors: with education and employment sectors
- Tackle difficulties, obstacles and misunderstandings; and generate solutions
- Tripartite collaboration
