Since 2003, the Council launched a series of good practice sharing with the aims of facilitating improvement in service quality, promoting a sharing culture in our social service sector and encouraging exchange of practice wisdoms.

Social workers in different services might need to handle various types of trauma cases. In order to facilitate sharing of practical experience and wisdom, we have invited psychologist, bereavement counselor and frontline worker to speak on their work. You and your colleagues are cordially invited to participate in this Seminar.

Enclosed herewith are the programme and enrolment form for your reference and use. Please kindly return the completed enrolment form with a crossed cheque payable to "The Hong Kong Council of Social Service" to us **on or before December 3, 2007.** Should you need any further information, please feel free to contact Ms Karlie Tang at 2864-2958.

Thank you.
